

ANDY BIOGRAPHY

Andy is an Amsterdam-based DJ and active at [possibilities open studio](#) (pos) – a community-rooted DIY art and culture space inside De Centrale Markthal. As projects lead, she connects the dots – programming, community, and the people that make it move. More living room than venue, pos brings together scenes, collectives and ideas through music, sound, and community care.

As a DJ, she moves fluidly across tempos, genres, and textures – ancient and modern, primal, deeply felt. Her sets hold the collective and challenge the individual – moving you in ways you didn't expect, leaving something in the body. Eclectic, fearless, and alive with purpose – psychedelic, groove-driven and rooted in the low-end.

After participating in a DJ workshop at De School in 2023, her career took off in 2024, leading to performances at radio stations, clubs, parties, and festivals across Amsterdam and the Netherlands, including appearances at IsBurning, Lente Kabinet, Breakfast Club, and Wildeburg.
